

DANIELSON AND PUTNAM NEWS

DANIELSON

William S. Brown Buys Tripp Farm
Petitions for Special Town Meeting
Circulated—James Kent Gets
His Twenty-fifth Coin—Rearranging
Post Office.

William S. Brown has bought at auction the Perry Tripp farm between Central Village and Wauregan. Mr. Brown's plans include the improving of the buildings and property and occupancy of the place. He proposes to sell the Orpheum theater here and his other property in this town. The Tripp farm was a part of the estate of Mrs. Brown's father.

Rearranging Post Office.
 Postmaster Charles A. Potter is about to rearrange the interior of the post office so as to provide space for placing the equipment that will be needed when the city delivery service is in effect, on and after January 2. Letter carriers' distributing cases have already arrived. There is also to be new racks for distributing newspapers and parcel post matter.

Petition for Special Meeting.

A petition to the selectmen for a special town meeting on Monday afternoon, November 23, was in circulation here Wednesday and a sufficient number of electors' signatures had been secured to assure that the meeting will be held. The petition sets forth that the meeting is desired, among other things, to see if the town will vote to rescind the appropriation made for highways and for the support of schools at the adjourned annual town meeting recently and also to see if the town will vote to rescind the vote laying a 12 mill tax for the current year. Other clauses in the petition are to see if the town, providing it rescinds its former votes, will vote new appropriations and lay a tax to meet the expenditures of the town.

This coming meeting is taken as an effort to have Killingly lay a sufficient tax to meet its prospective expenses or to reduce these if possible.

Elderly Man Suspected.

Recent developments tend to indicate that more than one person has been engaged in peeping episodes and other objectionable practices in Danielson during the past ten days. What has been done is the talk of the town and many women now fear to go upon the streets at night unattended. This week every effort has been made to apprehend the guilty persons and the situation Wednesday seemed more than at any time since the nuisances were first reported. A man well advanced in years is reported by various persons as being one of those engaged in frightening women, but the whole blame does not rest upon him.

Claim Connecticut Road Is Neglected.

Rhode Island automobilists who find their way into Danielson in numbers do not overlook many opportunities to call attention to the fact that their state has carried out an agreement to build an improved highway from Providence to the state line at Killingly, but that this state has not carried out what they allege is an agreement upon the part of Connecticut and Killingly to build a state highway from Danielson to the Rhode Island

line. The road in Killingly has been completed only as far as the Mazoner place about two miles east of here. Indications are that the state is not willing to build the road, and the condition does not warrant much more road building for some time to come.

Rev. Joel B. Slocum, D. D., of Norwich, is to address the members of the Men's Brotherhood of the Baptist church here on the evening of November 18.

Differences over which a number of employees of the Sonnhill Worsted company at Elmville quit work a few days ago were adjusted Wednesday, when the operatives returned to work. A turkey supper was served at the parsonage of the Baptist church Wednesday evening by a society of the church. The attendance was sufficient to insure a considerable net profit.

Much enthusiasm and friendly rivalry has been developed among the basketball players at the high school through the system of inter-school games arranged to develop material for the high school team. There will have a schedule of games during the winter.

Kent Gets 25 Coins.

James Kent of Elmville has approached within one notch of his own coon hunting record of last season and now has 25 animals to his credit for this hunting season. His chances are now the very best for making a new high score this season. A form of petty grafting now being undertaken by strangers in nearby towns is a small sum of money for the relief of European war sufferers. Charitably inclined persons should be sure to give only to persons known to be worthy and representing some organization with which they are acquainted.

The trolley freight is one of the enterprises that has list business as the result of Killingly's no-license vote. Their route was a favorite one for shipping in large quantities of beer from Providence.

D. R. Jette's touring car was badly damaged in a collision that occurred on the highway near Wauregan. A. H. Robbins of Stamford was a visitor here Wednesday with H. F. Glendinning.

Miss Alma Hart is reported as ill at her home on the West Street.

Herbert A. Richmond of Lowell was a visitor with friends in Danielson Wednesday.

Hunters Shot Ten Partridges.

W. M. Franklin and Raymond Carlow brought in ten partridges after a hunting trip this week, this being one of the best bags of the season.

Candidates for offices in the election of November 2 have a few more days in which to file their expense accounts with Town Clerk Frank T. Preston. Jane A. Hansett of Fall River is visiting with friends here for a few days.

CHASE LED THROUGH RIVER.

Albert Garrippe and Willis Turner with stolen suit case and swim streamer but Constable Green went after them.

Dayville was treated to a sensation during the noon hour Wednesday when Albert Garrippe and Willis Turner made a bold break at the Kennedy house, stole a suit case containing \$190 and made a dash for it. The suit case and money was the property of Albert Garrippe, the brother of Albert. The lost was almost immediately discovered.

Constable Hosea Green was notified and trailed the youths through the village to the river. His quick pursuit forced them to swim the stream at a point south of the village and they probably would have escaped had it not been for the fact that Constable Green secured a gun from a man living near by and forced the fugitives into a swamp, where they willingly surrendered. Constable Green after he had taken his ducking in getting across the river to the side that they were on.

Turner had the suit case with its contents intact. Garrippe and Turner broke through two doors at the Kennedy house to get into the room where the money and suit case were kept. They were brought to Danielson and locked into the police station to await a hearing in the town court this morning.

PUTNAM

Nelson Inman Reaches Halifax—Republican Town Committee Spent \$203.12—Charles Barron Sues County Because of Broken Leg—Water Commissioners Favor Claim of Morse Estate.

Clayton Seward, messenger in the superior court here, is a candidate for appointment as messenger at the capitol during the coming session of the legislature.

Cecelia Von Mason, the Revere girl mentioned in Boston papers Wednesday as having pitched King's men's team of actors to victory at Atlanta recently, is known hereabouts. Two summers ago she pitched a Sunday game in the nearby town of Foster.

Apologies of the scarcity of water in this section, attention is being called to the fact that three of the greatest rivers in western Europe ran dry in the year 1903. Talking that as a basis for comparing the severity of droughts, the situation hereabouts is not critical as yet.

Quinnatset grange, of Thompson, is to hold a special meeting on Friday evening of this week for the purpose of choosing the first and second degrees upon a class of candidates.

Reaches Halifax

Word received here from Nelson Inman tells of his safe arrival at Halifax, en route to Liverpool on the steamship Bohemian of the Leyland line, and of the precautions that have been taken by the British for the protection of Halifax harbor.

Satisfactory Hunting Season
 The hunting season that is now drawing toward a close has been quite a satisfactory one. Game has been quite plentiful and it is probable that more than the average number of partridge, quail, woodcock and pheasants have been taken.

The decision of the supreme court finding no error in the case of Joseph George Bernier, administrator, vs. the Woodstock Agricultural Society, makes it a closed incident and relieves the society from further worry about the matter.

Will Speak at East Woodstock
 Miss Emily Pierson, state organizer of the Woman Suffrage association in Connecticut and one of the workers in the campaign here last June, is to speak at a meeting of the Woodstock Franchise League at the Congregational church in East Woodstock next Wednesday afternoon.

Republican Town Committee's Report

In the secretary of state's office in Hartford there has been filed a report of the expenses of the Putnam republican town committee, Henry J. Thayer treasurer. This report shows the committee received \$351 and expended \$203.12 in the November election.

Thirteen Arrests in October
 Captain John Murray's report for

NO REASON FOR IT

When Norwich Citizens Show a Way.

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyances of urinary disorders, the pains and dangers of kidney ills will fail to heed the words of a neighbor who has found relief. Read what a Norwich citizen says:

Mrs. Mary Neff, 465 Main St., Norwich, says: "For many years one of my family was subject to attacks of kidney complaint. He suffered from pains across his loins and at times could scarcely get about on account of his back being so stiff and lame. The kidney secretions were irregular in passage and often contained sediment. Doan's Kidney Pills, procured at N. D. Sevin & Son's Drug Store, proved of benefit from the first and soon every symptom of kidney complaint disappeared. I willingly commend all I said in praise of Doan's Kidney Pills in the statement I gave a few years ago. Nothing has occurred to change my high opinion of this remedy."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Pross, Buffalo, N. Y.

It Really Does Relieve Rheumatism.
 Everybody who is afflicted with rheumatism in any form should by all means keep a bottle of Sloan's Liniment on hand. The minute you feel pain or sore in a joint or muscle, bathe it with Sloan's Liniment. Do not rub it. Sloan's penetrates at once, immediately right to the seat of pain, relieving the hot, tender, swollen feeling and making the part easy and comfortable. Get a bottle of Sloan's Liniment for 25 cents at any drug store and have it in the house—against colds, sore and swollen joints, rheumatism, neuralgia, sciatica and all ailments. Your money back if not satisfied, but it does give almost instant relief.

October shows that 13 arrests were made within his jurisdiction during that period. Of this number, seven were sent to jail. Street lights were reported out of a total of 404 hours and five dogs were found open.

Sues County Because of Broken Leg

The case of Charles Barron vs. the county of Windham et al. will come up for trial in the superior court here today (Thursday). The plaintiff had a leg broken while engaged in excavating a trench for water pipes in Potter street, Danielson, during the summer of 1912. At the time he was one of a gang of prisoners let out from the jail to do work for the Crystal water company of Danielson.

There are some legal points that are of special interest and the case will be followed with attention by a number who have been watching it for some time past.

Stee Farm for Drunkards Talked Of

Frequent mention has been heard of late of Judge P. M. Vail's plan for the establishment of a state farm for drunkards, and the hope expressed that the legislature of 1915 may be liberal enough to grant an appropriation to meet what has become little less than a crying need. Many Windham county towns, through long years of experience, have come to understand that sending habitual drunkards to jail results in no permanent benefit to the unfortunate. What is true in this county is true in most sections of Connecticut. There was a time during the last session of the legislature when it was thought probable that Judge Warner's bill would become a law, but his happy outcome was not realized. There seems to be a better chance of success next year.

Souvenir Taylor After Two-Year Appointment

It now appears that "Souvenir" W. H. Taylor is seeking appointment as assistant superintendent of the capitol at Hartford for two years. He is assistant to the superintendent during the legislative session that opens in January. This is a distinction with which he is well satisfied. He is a steady one—for at least two years, the "assistant to the superintendent" jobs, which "Souvenir" has held in other years, are for the legislative session only. The case of Souvenir is entitled to the best in the house!

COMMON COUNCIL MEETING

Health Officer's Report of Special Interest—Water Commissioners Favor Morse Claim.

All members of the common council were present for the November session at which Mayor Archibald MacDonald presided. The first item was the report of the city health officer, L. O. Morse, on matters pertaining to his department. Forty-five houses are reported as having no connection with the city sewer system. 19 houses have sewer connections, but no sink and toilet, 40 houses have sewer connections but no sewer, 27 houses with sewer connections have disused outhouses not properly cared for, and there are 87 houses with out-houses not being used. The health officer has given instructions that conditions complained of be remedied at once.

Tax Collector Joseph McKeechne reported and announced that he would not pay taxes for putting in payments, etc. Collection of these taxes has been very difficult, so legal measures may be resorted to in getting the money. Suits may be brought to secure payment of the money.

Complaints about the city lighting service have been received by the common council and the light committee was directed to make inquiry regarding the matter.

Edward Mullen, G. Harold Gilpatrick and G. Allen Hawkins, constituting the board of water commissioners, sent in a communication setting forth the claims of the George M. Morse estate for extra compensation for water taken by the city for the Little river in excess of the amount set forth in the contract of Mr. Morse with the Putnam Water company, which is now the city property. The estate seeks to sell the city the right to take as much water as it is using above the amount it is entitled to, for \$4,500. The commissioners' communication represents the claim of the Morse estate as a just one and suggest that the city accept the offer.

In last week's communication the water commissioners express a willingness to take charge of the supervision of the city's sewer system provided the cost of maintenance be borne by the city and new ordinance be made. The ordinance committee was directed to confer with the commissioners.

FIVE DIVORCE CASES

Listed for Hearing Before Judge Tuttle at Putnam Friday.

There will be a session of the superior court of Windham county Friday, Nov. 13, at 10.30 o'clock a. m., at

Essexville Mill Closed.

NORWICH TOWN

Missionary Society Preparing Christmas Box—Miss Hyde in Philadelphia Attending W. B. F. M. Sessions.

After passing several weeks with her sister, Mrs. George Peck, of Plain Hill, Miss Sarah Markham has returned to her home in Easthampton.

Miss J. G. Bonney of Huntington lane returned home Wednesday, after visits of a few days in Brooklyn, N. Y. and in Whitteville at the home of her brother, Thurston J. Bonney.

Miss Bernice Underwood returned Wednesday to her home on Peck's corner, after a visit of a week or two in New Haven, with her cousins, Mr. and Mrs. E. B. Underwood.

Mrs. Dwight W. Avery, Frank Avery and daughter, Louise Avery, of West Town street, spent Tuesday at the home of Frank G. Hyde in Lebanon.

In Norwich Town, on the hills around and in nearby towns many people are taking advantage of the fine fall weather, to have their houses painted and shingled.

James Rennie spent the week end in Providence and in Danielson with his brother, L. Rennie.
